PAYMENT POLICIES

Bills are mailed out the first of the month, due upon receipt of bill and delinquent after the 15th of the month. Office hours are 8 a.m. to 5 p.m. Monday through Friday. There is a drop box by the front door of the office for your convenience for after hours payment.

Local Directory AssistanceDial 411

SERVICE POLICIES

The Company reserves the right to change any telephone number at any time.

The Company cannot guarantee uninterrupted service.

CLASSIFICATION OF SERVICE

Residence-telephone service is installed with the understanding that it will be used for normal social or domestic purposes.

A Residence telephone may be changed to the Business service classification if the use of such service can be considered as being primarily or substantially for business purposes. Such change in classification may be made if the Residence telephone number is advertised in connection with the sale of products or services and the subscriber has no Business telephone service within the same exchange area.

COMPLAINT

Should you have a complaint about your telephone service and/or rates we encourage you to speak with your telephone business office. Telephone, Electric and Gas companies are regulated by the Kansas Corporation Commission and you can make an informal complaint by telephone, by writing or by personal appearance to the Commission without the need of legal assistance. The Commission's address is 1500 SW Arrowhead Rd, Topeka, KS 66604 and their telephone number is 1-800-662-0027. Your telephone company wants to be made aware of and to resolve any complaints concerning telephone service as fairly and as promptly as possible and will make every effort to do so.

CUNNINGHAM TELEPHONE COMPANY, INC.

GLEN ELDER, KANSAS 67446
545-3215

TELEPHONE SAFETY

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

USE OF THE TELEPHONE NEAR WATER

The telephone should not be used while you are in the bathtub, shower or pool. Immersion of the telephone or handset in water could cause an electrical shock.

USE OF THE TELEPHONE DURING AN ELECTRICAL STORM

You should avoid using a telephone during an electrical storm in your immediate area; calls of an urgent nature should be brief. Although your telephone company uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightening when using the telephone during a nearby electrical storm.

USE OF THE TELEPHONE TO REPORT A GAS LEAK

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for this spark to trigger an explosion if the gas concentration is high

BURIED CABLE – NOTICE

Please call Kansas 1-Call..... 811 or 800-344-7233

Call before you dig and we will locate the cable.

MANDATORY TEN-DIGIT DIALING

The Federal Communications Commission (FCC) has adopted 988 as a new three-digit number to be used nationwide to reach the National Suicide Prevention and Mental Health Crisis Lifeline.

In order for 988 to work in the 785 area code, 10-digit local dialing must first be implemented and you will need to change the way you dial local calls.

What is the new dialing procedure?

To complete all local calls, you will now need to dial area code + telephone number. This applies to all calls within the 785 area code that are currently dialed with seven digits.

Who will be affected?

Anyone with a telephone number from the 785 area code will need to make this change from 7-digit local dialing to 10-digit local dialing.

When did the change begin?

Beginning April 24, 2021, you should begin dialing 10 digits (785 + telephone number) for all local calls. If you forget and dial just 7 digits, your call will still be completed.

Beginning October 24, 2021, you must dial 10-digits (785 + telephone number) for all local calls. On and after this date, local calls dialed with only 7-digits may not be completed, and a recording will inform you that your call cannot be completed as dialed. You must hang up and dial again using the 785 area code and the 7-digit number.

Who may you contact with questions?

If you have any questions regarding information provided in this notice, please call Cunningham Telephone Company at (785) 545-3215 for more information. You can also visit the FCC website at <https://www.fcc.gov/suicide-prevention-hotline>.

HOW TO HANDLE OBSCENE OR HARASSING CALLS

If you receive obscene, harassing or threatening calls, follow these suggestions

1. Hang up at the first obscene word or if the caller doesn't say anything the second time you say hello.
2. Give no information such as your name and address until the caller has been identified.
3. Advise your children to give no information to strangers. If you're not home, they should say "Mother/Father can't come to the phone right now."
4. If calls persist call your Telephone Office or your police department.

INCORRECT DIRECTORY LISTINGS

The vast majority of all directory listings are correct. But, as with any job of this size, some errors are bound to occur. If your listing in the directory is incorrect, it cannot be changed until the next edition of the directory is issued. In the meantime, we can make sure the listing is correct in Directory Assistance records. In some cases it is possible for calls to an incorrect number to be rerouted to the correct number. To arrange this, call your telephone business office. The number is on your phone bill and in the front of your telephone directory. Your service representative will be happy to help.

WARNING OBSCENE AND HARASSING CALLS

Every person who shall by means of telephone communication:

- (a) make any comment, request, suggestion, or proposal which is obscene, lewd, lascivious, filthy, or indecent; or
- (b) make a telephone call, whether or not conversation ensues, with intent to abuse, threaten, or harass any person at the called number; or
- (c) make or cause the telephone of another repeatedly to ring, with intent to harass any person at the called number; or
- (d) make repeated telephone calls, during which conversation ensues, solely to harass any person at the called number; or
- (e) play any recording on a telephone, except recordings such as weather information or sports information, when the number thereof is dialed, unless the person or group playing the recording shall identify itself or himself and state that it is a recording; or
- (f) knowingly permit any telephone under his control to be used for any of the purposes mentioned herein shall be guilty of a misdemeanor and shall upon conviction thereof be punished by a fine of not more than two thousand five hundred dollars (\$2,500.00) or by confinement for not more than one year in the county jail, or by both such fine and confinement.

INTENT TO DEFRAUD

It shall be unlawful for any person to obtain or attempt to obtain, by the use of any fraudulent scheme, device, means or method, telephone or telegraph service or the transmission of a message, signal or other communication by telephone or telegraph, or over telephone or telegraph facilities with intent to avoid payment of the lawful price, charge or toll therefor. Any person who violates any provision of this statute is guilty of a misdemeanor and upon conviction shall be punished by confinement in the county jail for not more than one year or by a fine not exceeding one thousand dollars (\$1,000.00), or both such a fine and confinement.

STATEMENT OF NONDISCRIMINATION

Cunningham Telephone Company, Inc. is the recipient of Federal financial assistance from the Rural Utilities Service, an agency of the U.S. Department of Agriculture, and is subject to the provisions of Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1975, as amended and the rules and regulations of the U.S. Department of Agriculture, which provide that no person in the United States on the basis of race, color, national origin, age or handicap shall be excluded from participation in, admission or access to, denied the benefits of, or otherwise be subjected to discrimination under any of this organization's programs or activities.

The person responsible for coordinating this organization's nondiscrimination compliance effort is Brent Cunningham, Vice President-General Manager. Any individual, or specific class of individuals, who feels that this organization has subjected them to discrimination may obtain further information about the statutes and regulations listed above from and/to file a complaint of discrimination write USDA, Director, Office of Civil Rights, Room 326-W, Whiten Building, 1400 Independence Avenue, SW, Washington D.C. 20250-9410 or call (202) 720-5964 (voice or TDD). USDA is an equal opportunity provider and employer. Complaints must be filed within 180 days after the alleged discrimination. Confidentiality will be maintained to the extent possible.

USDA NONDISCRIMINATION STATEMENT

This institution is an equal opportunity provider and employer.

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call 866-632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax 202-690-7442 or email at program.intake@usda.gov.

TELEMARKETERS MUST OBEY STATE AND FEDERAL LAWS WHEN CALLING KANSAS RESIDENTS. Violations can be enforced by the state Attorney General or through a private cause of action. Telemarketers who make unsolicited calls to residential phone numbers **MUST**:

- Identify themselves, the business for whom they are calling and the purpose of the call immediately upon making contact with the person being called;
- Promptly discontinue the call if the person being called indicates a negative response or desire to not listen at any time during the call (i.e., "just say no");
- Have a live or recorded voice respond within 5 seconds of answering the call.
- Make their phone number accessible to caller I.D. services if technically possible.
- Maintain internal "do not call" lists and, if requested, place the person called on their internal "do not call" list and honor that request.
- Disclose whether the seller has a policy of not making refunds, cancellations, exchanges or repurchases.

TELEMARKETERS MUST NOT:

- Use automatic telephone dialing systems or pre-recorded voice messages to call pagers, wireless phones or any service for which the party is charged for the call.
- Send unsolicited advertisements to fax machines.
- Use threats, intimidation, profane or obscene language.
- Cause any phone to ring repeatedly or continuously for the purpose of annoying or harassing any person at the called number.
- Call before 8:00 a.m. or after 9:00 p.m. local time.

Exceptions are calls placed for non-commercial purposes, calls made for commercial purposes which do not include any unsolicited advertisements, calls to any person with whom the caller has an established business relationship, and calls from tax-exempt non-profit organizations.

For more information, or to file a complaint if you receive a call from a telemarketer that violates any of these rules, please contact the Kansas Attorney General's Office, Consumer Protection Hotline at 1-800-432-2310.

For further research on the laws summarized above, refer to **K.S.A. 50-670(b)** (part of the KANSAS CONSUMER PROTECTION ACT), **47 USC Section 227 and 47 CFR Part 64.1200** (FEDERAL TELEPHONE CONSUMER PROTECTION ACT and REGULATIONS) and **15 USC 6101-6108 and 16 CFR Part 310** (FEDERAL TELEMARKETING AND CONSUMER FRAUD AND ABUSE PREVENTION ACT and REGULATIONS).

REDUCING UNWANTED TELEMARKETING CALLS

Register for the Direct Marketing Association's Telephone Preference Service

You may register your residential telephone number(s) with the Direct Marketing Association's (DMA) Telephone Preference Service to be placed on this private organization's "Do Not Call" list. The Do Not Call list will be used by DMA member telemarketing companies to remove your telephone number from their calling lists. Telemarketers who participate in this private, voluntary program do not want to waste their time, or yours, by contacting you if you do not want to receive telemarketing calls.

Registration is good for up to five years. If you move or change your phone number during the five-year period, you will need to re-register. Registrations must be made with the Telephone Preference Service directly; third party requests cannot be processed.

How to register your telephone number(s):

Add your phone number for free by visiting donotcall.gov, or calling 1-888-382-1222 from the phone you want to register (TTY: 1-866-290-4236).

You may register for free by sending your full name, full address, signature and up to two telephone numbers to the following address:

DMA Telephone Preference Service
P.O. Box 9014
Farmingdale, NY 11735-9014

Alternatively, you may register with the Telephone Preference Service on-line for \$5. The web address is www.the-dma.org/cgi/offtelephonedave.

Registering with the Telephone Preference Service will not eliminate all telemarketing calls. Nonprofit/charitable organizations, political groups, non-DMA telemarketers or any groups that have established relationships with you may still contact you. Because the DMA's list is updated quarterly, it may take a few months before unwanted calls are noticeably reduced.

There are no penalties for telemarketers calling telephone numbers on the Do Not Call list. Also, registering for the list gives you no additional rights beyond those specified by the law.

For information about your legal rights regarding telemarketing, please see the section entitled "Telemarketing – Consumers' Rights and Remedies Under State and Federal Law."

SLAMMING PROTECTION

Many people around the country have had their long distance service switched to a different company without their knowledge or consent. Your telephone company opposes this unlawful practice, known as "slamming."

To help protect you from being "slammed" Cunningham Telephone Company offers an option to all local service customers: you may give us written directions not to change your long distance company without your signed authority. If you would like this protection, please contact our customer service department at 800-287-8495 or 545-3215.

FEDERAL DO-NOT-CALL LISTS

The consumer can register by dialing 1-888-382-1222 or register online at www.donotcall.gov.

As a result of the passage of the Federal Telephone Disclosure and Dispute Resolution Act, the FTC requires disclosures to telephone subscribers, which are as follows:

STATEMENT OF BILLING ERROR RIGHTS

This statement sets out your billing error rights with respect to telephone-billed purchases made using interstate 900 pay-per-call services that are billed to you through your Local Telephone Company.

The rights and obligations of you, the customer, and of your Local Telephone Company and your Long Distance Company, who are billing entities, set out here, are provided under the Federal Telephone Disclosure and Dispute Resolution Act.

This is the procedure that you must follow to notify your Local Telephone Company of a billing error and the steps that we or your Long Distance Company must take in response to your notice:

You may provide notice of a billing error to your Local Telephone Company by telephone or in writing. If you write, you should:

- (1) give us your name or the customer's name, and telephone number to which the charge was billed;
- (2) tell us the date and amount of the error, and the type of error you believe occurred; and
- (3) tell us why you believe it was an error.

You should contact your Local Telephone Company first, since we have an agreement to receive billing error notifications from customers. You may provide a notice to your Long Distance Company instead, and it may ask you to contact us directly, and provide to you our name, mailing address, and business telephone number, even if it also sends your billing error notice to us.

A customer who orally communicates an allegation of a billing error is presumed to have provided sufficient notice to initiate a billing review.

You have the right to withhold payment of any disputed amount pending completion of our billing review, and any action to collect any disputed amount will be suspended pending completion of the billing review.

If it is determined that no billing error occurred, your rights and obligations are as follows:

We will transmit to you an explanation setting forth the reasons why it has been determined that there was no error. If there was an error - even a partial error or an error different than what you asserted - your account will be adjusted appropriately. If you request, we will provide a written explanation and copies of any documentary evidence of the customer indebtedness.

This action will be taken within two billing cycles (two months) after your notice is received. If you sent your notice to your Long Distance Company, instead of your Local Telephone Company, there may be an additional time of up to fifteen days to complete the necessary responsive action.

Your 900 Service Provider (i.e. AT&T, MCI, SPRINT, IntegriTel) or your Long Distance Company will notify the provider of the service of the disposition of the billing error investigation and the reasons for that disposition.

Your Local Telephone Company will notify you in writing, normally with your billing statement, of the time when payment is due of that portion of the disputed amount that is determined not to be in error. Payment must be made in the normal course of billing or as otherwise provided, but not less than ten days after the request for payment is made.

Once your Local telephone Company and your Long Distance Company have complied with FTC rule #308.7 (d) regarding a claim you make of a billing error, there is no further responsibility under that section if you continue to make substantially the same allegation.

You cannot be charged for a billing review.

The provider of the 900 service, your Long Distance Company, or your Local Telephone Company may take action to collect the sum outstanding that is determined not to be the result of a billing error if you continue to withhold payment of the disputed amount once the billing review is completed.

Failure to pay the amount determined not to have been the result of a billing error may be reported to a credit reporting agency or subject you to a collection action.

If either we, as your billing entity, or your Long Distance Company, as a billing entity, fails to follow the billing and collection procedures prescribed by #308.7 of the Federal Trade Commission rule implementing the federal Telephone Disclosure and Dispute Resolution Act, we are obliged to forfeit any disputed amount, up to \$50 per transaction.

As a result of the passage of the Federal Telephone Disclosure and Dispute Resolution Act, the FCC requires disclosures to telephone subscribers, which are as follows:

Your Local exchange and long distance service cannot be disconnected or interrupted as a result of your failure to pay charges for interstate pay-per-call service, charges for interstate information services provided pursuant to a presubscription or comparable arrangement, or charges you have disputed for interstate tariffed collect information services.

You can obtain blocking of access to services offered on the 900 service access code where it is technically feasible, at no charge and on a one-time basis within 60 days after you subscribe to a new number and it becomes effective. Other requests for blocking, and requests for unblocking will be subject to a reasonable one time fee. Our tariffs include the terms and conditions that apply.

You have a right not to be billed for pay-per-call services not offered in compliance with Federal laws and regulations established under Titles II or III of the Telephone Disclosure and Dispute Resolution Act.

Your access to 900 services may be involuntarily blocked for failure to pay legitimate pay-per-call charges.

Need *Help* affording telephone service?

The Kansas Lifeline Service Program is available to help low-income Kansans get on the telephone network...**AND STAY THERE!**

The Kansas Lifeline Service Program is sponsored by the Federal Communications Commission, and the Kansas Corporation Commission in cooperation with the local telephone companies of Kansas, and state and consumer organization and agencies.

Who is eligible?

You qualify for the KANSAS LIFELINE SERVICE PROGRAM if:

You are currently receiving at least one of the following;

- Food Stamps (Supplemental Nutrition Assistance Program) (SNAP)
- Medicaid
- Supplemental Security Income (SSI)
- Veterans Pension/Survivors Benefit Programs
- Federal Public Housing Assistance Program (FPHA)
- Total household income at or below 135% of the Federal Poverty Guidelines
- Tribal specific program

Proof of participation in the above programs will be needed to qualify for the Kansas Lifeline Service Program. Lifeline is a government assistance program, the service is non-transferable, only eligible consumers may enroll in the program, and the program is limited to one discount per household. Toll blocking is available at no charge for low income customers that qualify.

How to sign up?

Call your local telephone company business office to see what is offered in your town.

Certain customers may choose to use their Lifeline benefit on either broadband or voice service. (Still only one benefit per household.) Remember...the KANSAS LIFELINE SERVICE PROGRAM WILL NOT pay for the cost of a telephone set, the cost of wiring inside your home or other service charges such as Call Waiting or Caller ID. You will be responsible for paying the entire monthly charge for those optional services.

Call the office to see if you qualify for the Affordable Connectivity Program (ACP) discount.

TAP -

Individuals who have a hearing, vision, speech, cognitive or mobility disability/impairment can receive a free telephone if the following eligibility requirements are met:

- Have residency in the state of Kansas
- Have telephone service in the home / residence
- Have a disability or impairment in which a specialized telephone would be helpful
- Have a household gross income of less than \$55,000 per year

For more information on the Lifeline or TAP programs or to see if you qualify, contact your local Cunningham Telephone & Cable Office.

KANSAS Relay Service

Kansas Relay is a no-cost public service that enables people who are deaf, deafblind, hard of hearing or have speech disability who use a teletypewriter (TTY), captioned telephone, or other assistive device to communicate with family, friends or businesses with ease.

Visit the website to learn how it works:
kansasrelay.com.

To place a call using Kansas Relay, dial **711*** or one of the toll-free numbers below:

- TTY: **800-766-3777**
- Voice: **800-766-3777**
- Voice Carry-Over: **866-479-7566**
- Hearing Carry-Over: **800-766-3777**
- Speech-to-Speech: **866-305-1344**
- Telebraille: **800-766-3777**
- Spanish: **866-305-1343**

Hours of Services

All Relay and CapTel services are available 24 hours a day, seven days a week. However, Spanish CapTel is available from 7:00 am to 11:00 pm.

Captioned Telephone (CapTel)

The Kansas Captioned Telephone (CapTel) service is also available and ideal for people who have hearing loss but are able to speak for themselves. A captioned telephone works like any other telephone except captions on a screen. That allows people to listen to their phone conversations while reading word-for-word captions of what's said to them.

Speech-to-Speech (STS)

People with a speech disability, or those who use a voice synthesizer, can use their own voice on a STS relay call. The Communications Assistant is specially trained to understand unique speech patterns, repeats the words exactly as they are spoken to their caller.

Equipment Distribution Program

The Kansas Telecommunications Access Program (KS TAP) is an equipment distribution program. The purpose of the program is to provide free specialized telephones and other telecommunications devices to Kansans with disabilities who can't use traditional home telephones.

The equipment includes:

- Amplified telephone
- Captioned telephone (CapTel)
- Speaker telephone
- Text-telephone device (TTY)
- Telephone equipment for deafblind

To learn more about TAP, visit at **atk.ku.edu/ks-tap.**

Emergency 911 Calls

Dial 911 on your TTY for a direct connection to your local 911 center.

If you are calling 911 through Kansas Relay 711, your Communications Assistant will contact the nearest emergency response center in your area and relay your information to the dispatcher. However, it is important to understand that relay centers are not 911 centers and do not assume responsibility for emergency calls.

T-Mobile Accessibility Care:

- (866) 735-2957 (TTY/Voice)
- (866) 305-1343 (Español-TTY/Voz)
- (877) 787-1989 (Speech-to-Speech)
- (866) 931-9027 (Voice Carry-Over)
- (888) 269-7477 (Captioned Telephone)
- access@t-mobile.com (Email)

* Some buildings with a PBX telephone system (often in hotels and offices that have extension numbers) make reaching 711 not possible. If you are unable to connect to 711, please use the alternative number given for each type of relay service call.

CapTel is a registered trademark of Ultratec, Inc.

CUSTOMERS ONLY

HOW TO TEST YOUR TELEPHONE

There have been some questions raised about repair service. The FCC considers a telephone to be much the same as an iron, toaster, or other small appliance; it is unlikely that something would happen to both phones at the same time. You should also remember that you get what you pay for when purchasing a phone. **Some** of the fancy carry-around gadgets are not worth taking home.

REPAIR SERVICE

Cunningham Telephone Co., Inc. offers wiring maintenance under contract for a monthly charge. It includes repair of house wire and a telephone check at no charge.

It requires a 12 month commitment for either:

- Telephone wire or TV wire maintenance for \$2.50 a month or
- Telephone wire and TV wire maintenance for \$3.50 a month

Without a maintenance plan you would pay for time and materials used with a minimum \$30.00 charge per damaged outlet.

No dial tone:

- If you have only one set, you have the option of borrowing a telephone from a friend, neighbor or relative. If the borrowed telephone works, your telephone is defective.
- If you have more than one set, make sure all receivers are on the hook. If they are, unplug all equipment. Plug each telephone back into the jacks one at a time. The instrument that causes the line to go dead is the defective set. Leave this set unplugged.

Miscellaneous trouble not affecting all equipment:

- Can't dial out.
- Telephone does not ring.
- Can't hear or can't be heard.
- Reach wrong numbers.
- Any physical damage to equipment such as switchhook sticking, numbers sticking, broken cords, etc.

Following these procedures will not guarantee that the trouble is not located in your telephone set or other customer-owned equipment. If after making these tests a repair technician is still requested and trouble is found in your equipment, a service charge of \$25.00 will still be billed.

If you have any further questions, please call our office.

What is the difference about FTTH telephone service?

The old copper lines transmitted electrical signals that sent the call information and powered the customer's telephones. In contrast, fiber uses light signals to send call information and the power used to run a corded telephone comes from the ONT (Optical Network Terminal) located on the side of the house and the battery backup located inside the house. During a home power outage, cordless telephones will not work because they have a power cord plugged into an electrical outlet. A corded telephone will work because it is supported by an 8-hour battery backup. The battery backup will last longer based on your telephone usage, so during a power outage if you keep your telephone usage to minimum it will help your battery last longer. During an extended power outage the battery may need to be swapped with a fresh one from our office or the customer may need to find an alternate power source such as a home generator to restore power to your home to keep the FTTH connections working. Please also leave your battery plugged in when you are gone on vacation. Letting the battery run down will eventually ruin the battery. FTTH telephone service is used in Glen Elder, Cawker City, Jamestown, Scottsville, Formoso, Randall, Simpson and the rural surrounding areas.

BACKUP POWER CUSTOMER NOTICE

Backup Power for Home Phone Services during Power Outages

For many years, your home phone would allow you to stay connected to emergency voice services during a power outage. However, many of today's advanced home phone services require backup battery power to continue functioning during an outage. To avoid a disruption of home voice service during an outage and to maintain the ability to connect to 911 emergency services – we at Cunningham Telephone & Cable provide a battery backup for your home phones.

What Your Battery Can – and Can't Do for You

Cunningham's backup batteries for fiber optic and cable telephone modems allow you to continue to use your voice services during a power outage. Without a backup battery or alternate backup source such as a generator, customers will not be able to make any calls, including emergency calls to 911. The only way to maintain the ability to use your phone is by using some form of backup power.

Our backup battery does not provide power to any services or devices other than voice. Home security systems, medical monitoring devices and other equipment may need their own battery backup if they rely on commercial electricity. A cordless phone will not work during a power outage, without it's own battery backup. Therefore it is always good to have at least one corded phone in the house.

Replacement Options

As previously noted, a backup battery has been provided by Cunningham Telephone & Cable during the initial installation. However, the battery provided by our company may need to be replaced after several years or when the battery is no longer functioning.

Cunningham Telephone & Cable provides and installs, at no cost to you, a replacement backup battery upon appointment or when it becomes known that the battery needs to be replaced. If you have any questions, please call 1-800-287-8495. Additional spare backup batteries to be stored in your home may be purchased from our company.

Third Party provided spare backup batteries: You can also purchase additional spare backup batteries to keep on hand in your home. Please contact us and we will gladly provide you with the information you need about the type of modem battery that you have.

Instructions for Proper Care and Use of Your Battery

Please follow the more detailed instructions included with your battery for its proper use, storage and care to ensure that it will function as needed during a power outage. If you do not store your battery correctly, it may shorten its useful life. Environmental factors such as temperature can shorten your battery's useful life. We recommend that you store your battery above 41°F and below 104°F. These batteries are rechargeable but will not last forever and should be replaced periodically.

Expected Backup Power Duration

Backup batteries are expected to last at least 8 hours on standby power. The backup battery should give you 6 hours of talk time. If you feel that is not enough time, you may extend your standby power by purchasing a 24 hour battery or additional 8 hour batteries.

SAFEGUARDING YOUR CUSTOMER INFORMATION

At Cunningham Telephone & Cable, we believe it's important for you to understand your rights and responsibilities with regard to the use of your customer information. For example, do you know what CPNI means? CPNI stands for Customer Proprietary Network Information, which is the information about your telephone usage collected by local, long distance, and wireless companies. This information can include the numbers you call and when you call them, as well as the particular services you use such as call forwarding or voice mail. Telephone companies collect this customer information in order to provide the services you request and send you bills for these services.

Cunningham Telephone & Cable uses the Opt-Out approval method. This means we send a notice saying we consider you to have given your approval to use your customer information for our company's marketing purposes unless you object to this within 30 days. If you do not want to be notified of Cunningham services and special offer in your area, please mail a letter stating this to our main office in Glen Elder. The mailing address can be found on the front of this newsletter.

Rest assured that Cunningham Telephone & Cable is committed to respecting the confidentiality of your customer information. This is why we ask for a password to verify your identity before sharing information with you about your Phone, TV, or Internet account with us. We do not sell this information to any outside companies. If you think your customer information has been disclosed without your permission, contact the telephone company right away.

If you have questions regarding our policies, please call your local Cunningham Telephone & Cable office. For general information about safeguarding your telephone service information, visit the FCC website at www.fcc.gov/cgb.

COME HOME TO CUNNINGHAM TELEPHONE COMPANY FOR YOUR PHONE SERVICE AND LONG DISTANCE CALLS

We value our customers!

Supported devices include Amazon Fire TV stick, Apple TV and Android. Maximum 10 devices per account. Device not included. Not all channels available in HD. Additional taxes and fees may apply.

TYPES OF LONG DISTANCE CALLS

HOW TO PLACE LONG DISTANCE CALLS

Before you call, consider the following:

- Area Codes: Your Area Code is 785. (For other Area Codes, see pages 17 & 18.)
- Telephone Numbers: If you don't know the telephone number, you may dial Directory Assistance for the distant city, as follows: 411. There may be a charge for this service.
- When the Directory Assistance operator answers, give the city or town, then the name and address you wish to call. Jot down the number for future reference.

Exceptions

- Customers who cannot use the telephone directory because of physical, visual, mental or reading conditions can be exempted from the Directory Assistance charge. Call your telephone business office for details.

Station-to-Station (Dial 1 +)

Direct Distance Dialing (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. DDD rates are lower than for operator assisted calls and charging begins when the telephone you've called is answered.

Conference

You can talk with several people in different places at the same time. Contact Cunningham Telephone at 800-287-8495 or 785-545-3215.

To Dial Around:

- To access a different long distance carrier than whom you are picked to, dial 101 and the 4 digit CIC code of the carrier of your choice.

Credit Card (Dial your calling card number)

A telephone credit card is a convenient way of making Long Distance calls when away from home. All calls placed using your credit card will be charged to your home or business telephone number. To apply for a credit card, call your long distance carrier, or purchase a pre-paid card.

Mobile, Marine and Overseas Service (Dial Operator)

You can make Local and Long Distance calls to automobiles, trucks, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator. Many overseas calls may be dialed direct. See information page on International Calling.

You will not be charged:

- If you reach the wrong number. Contact your long distance provider.
- If the telephone you called is busy or does not answer.
- If you hang up before dialing the complete number.

NOTE: The rates shown in this book were in effect at the time this directory was closed for printing and are subject to change.

INTERNATIONAL CALLING

TO MAKE DIRECT DIAL CALLS USE THE CHART BELOW AND DIAL:

Example: La Paz, Bolivia: 011 + 591 + 2 + Number

TO MAKE OPERATOR ASSISTED CALLS USE THE CHART BELOW AND DIAL:

(Or Call Your Long Distance Company)

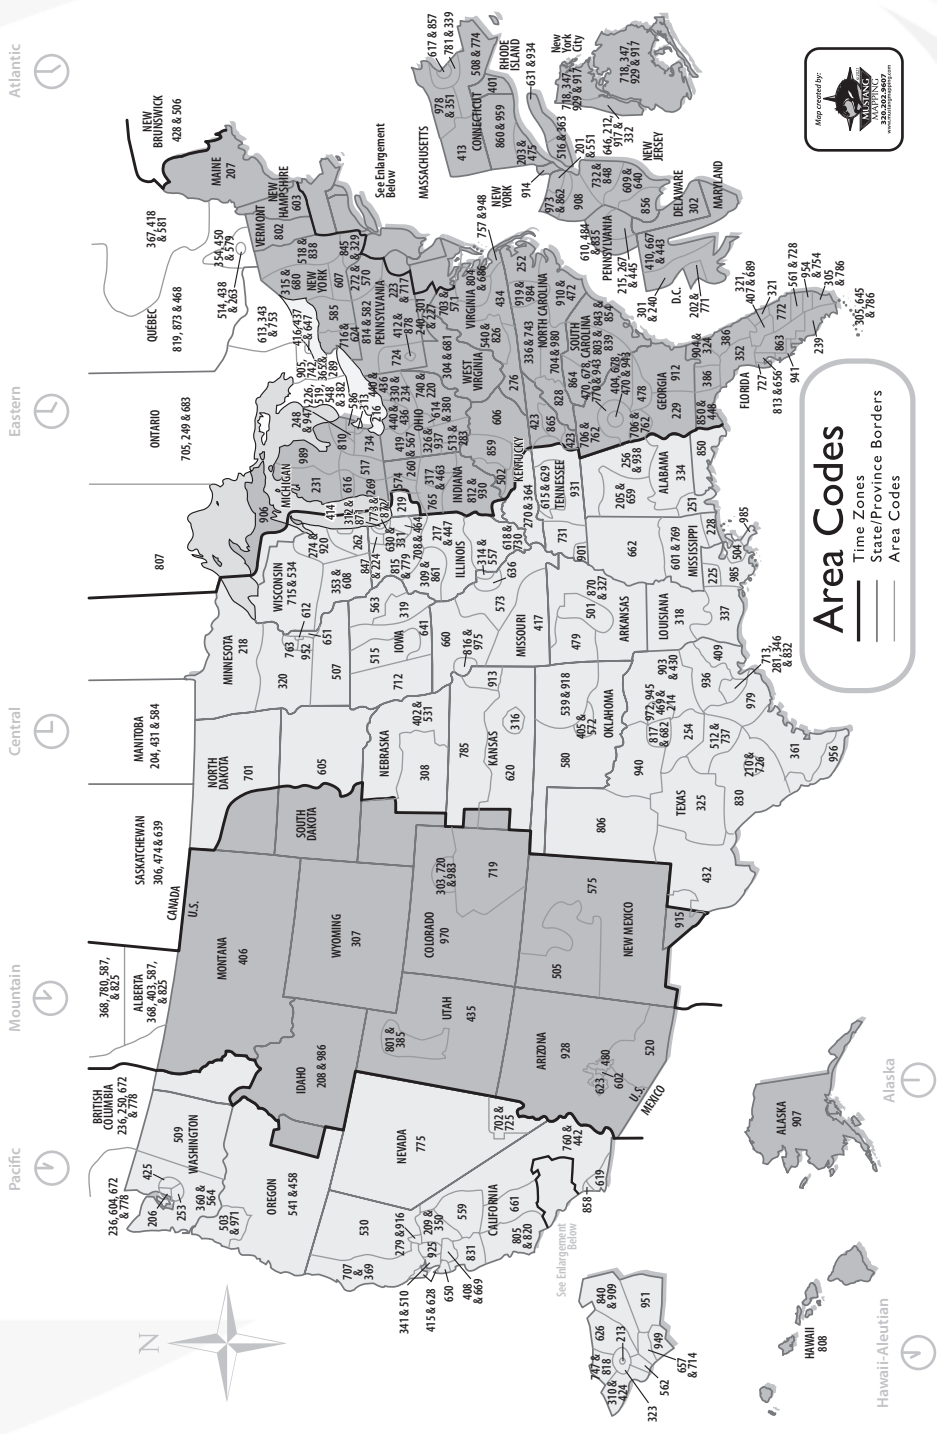

Example: Nepal: 01 + 977 + No City Code → An Operator
Omit This Step Will Come On The Line

NATIONAL SUICIDE PREVENTION & MENTAL HEALTH CRISIS LIFELINE

The Federal Communications Commission (FCC) has adopted 988 as a new three-digit number to be used nationwide to reach the National Suicide Prevention and Mental Health Crisis Lifeline.

In order for 988 to work in the 785 area code, 10-digit local dialing must first be implemented and you will need to change the way you dial local calls.

What will be the new dialing procedure?

To complete all local calls, you will now need to dial area code + telephone number. This applies to all calls within the 785 area code that are currently dialed with seven digits.

Who will be affected?

Anyone with a telephone number from the 785 area code will need to make this change from 7-digit local dialing to 10-digit local dialing.

When will the change begin?

Beginning **April 24, 2021**, you should begin dialing 10 digits (785 + telephone number) for all local calls. If you forget and dial just 7 digits, your call will still be completed.

Beginning **October 24, 2021**, you **must** dial 10-digits (785 + telephone number) for all local calls. On and after this date, local calls dialed with only 7-digits may not be completed, and a recording will inform you that your call cannot be completed as dialed. You must hang up and dial again using the 785 area code and the 7-digit number.

Who may you contact with questions?

If you have any questions regarding information provided in this notice, please call Cunningham Telephone Company, Inc. at 1-800-287-8495 or go to www.ctcfiber.net for more information. You can also visit the FCC website at <https://www.fcc.gov/suicideprevention-hotline>.

CHARGES

Any or all of these features are available by contacting the Business Office in Glen Elder 1-800-287-8495 or 545-3215.

Prices and availability may vary between traditional phones and digital phones.

CUSTOM CALLING FEATURES

CALL WAITING

If you have an incoming call while you are already on the line the Call Waiting feature will alert you. You may then put the first party on hold while you catch your second call. It will greatly reduce missed calls due to a busy phone!

Here's How Your Call Waiting Feature Alerts You:

- A beep tone tells you another call is waiting. Only you hear this tone.
- Another reminder tone will be heard 10 seconds later if the waiting call remains unanswered.
- The second caller hears the normal ringing tone only.

To Answer the Second Call:

- Hold down the switchhook/plunger/flash button to place your first call on hold.
- You will automatically be connected with the second caller.

To Alternate Between Calls:

- By pressing the switchhook/plunger/flash button you may alternate between calls.
- Each conversation is private and cannot be heard by the other caller.

To Terminate Either Call:

- Simply hang up.
- Your telephone will then ring.
- When you answer it, you will be connected with the other caller.

Cancel Call Waiting:

- Lift the handset and listen for the dial tone.
- Dial *70.
- Listen for short tones followed by dial tone.
- Now, dial the number you wish to call. When you disconnect your call, Call Waiting is automatically reactivated.

To Cancel Call Waiting During A Call:

- You must have THREE-WAY CALLING to CANCEL CALL WAITING during a call.
- Place your current call on hold by holding down the switchhook/plunger/flash button.
- Listen for the dial tone.
- Dial *70.
- Listen for short tones followed by dial tone.
- Return to your original call by depressing the switchhook/plunger/flash button for one second.
- Call Waiting is now deactivated for that call.

DISTINCTIVE RING (TEEN SERVICE)

Now know who the call is for before you answer the phone. With Distinctive Ring you can have two telephone numbers assigned to one line. The teen number could be used for a fax machine.

Each number has a distinctive ring, so you can assign a number solely to the children. Or, you can assign a separate number to your home business and one to the family.

To Use Distinctive Ring:

- Wait until the full ringing pattern is complete before answering your telephone, so you will know which telephone number was dialed.

(Main Telephone Number)

RINGING

One Long ring (Normal ring)

(Secondary Telephone Number)

RINGING

Two long rings

NOTE: Although you have two telephone numbers assigned to your line, you have just one line and only one conversation can be held at a time.

If You Have Call Waiting With Distinctive Ring:

The same Distinctive ringing patterns are used with CALL WAITING, so you determine whether or not to interrupt your current conversation to answer the incoming call. The distinctive call waiting tones correspond to the distinctive ringing patterns.

To Use Distinctive Ringing Service With Call Waiting:

- Follow the same procedures for CALL WAITING.

If You Have CALL FORWARDING With Distinctive Ring:

With Distinctive Ring, CALL FORWARDING operates in the same manner as described in the CALL FORWARDING description. When the call is forwarded the distinctive ring WILL NOT ring on the number you have forwarded your calls to.

CUSTOM CALLING FEATURES

CALL FORWARDING (BASIC)

This feature means your phone can transfer incoming calls to another number of your choice. Call Forwarding is great for the business person who wants to catch after-hours business calls at home, or for anyone who doesn't want to miss an important call.

To Forward Your Calls:

- Lift the receiver and listen for the dial tone.
- Dial *72.
- Listen for short tones followed by dial tone.
- Now, dial the number where you wish your calls forwarded. (Remember to dial 1 for long distance calls.)
- Call Forwarding is now activated, once the test call is answered.

Once you've activated Call Forwarding, the phone will make one short ring each time a call is forwarded. However, you can still make outgoing calls from this phone.

If you wish to change the number your calls are being transferred to, just discontinue the first (see below), and redirect your calls using the above steps.

To Discontinue Call Forwarding:

- Lift the receiver and listen for the dial tone.
- Dial *73.
- Listen for short tones followed by dial tone.
- Call Forwarding is now deactivated.

DELAYED CALL FORWARDING (DON'T ANSWER)

This feature enables you to transfer incoming calls to another number of your choice after a certain number of rings that you program.

Call the Cunningham office to have this feature set up.

CALL FORWARDING (BUSY)

This feature enables you to transfer incoming calls to another number of your choice if your line is busy. Call the Cunningham office to have this feature set up.

WARM LINE

Now there is a way to ensure the safety of your loved ones in emergency situations. When injury or panic makes it difficult to dial an emergency number, WARM LINE makes sure that they—your children, parents, or a sick relative—easily reach someone who can help.

Just 30 seconds after taking the phone off the hook, a predesignated number is automatically dialed. For regular calls, you just pick up the phone and dial any telephone number within 30 seconds.

To Use Warm Line:

- Lift the handset and wait 30 seconds.
- After 30 seconds, the predesignated number is automatically dialed. The predesignated number is chosen by you at the time you select Warm Line. To change the predesignated number, you must contact your local telephone company business office.

CUSTOM CALLING FEATURES

THREE-WAY CALLING

This feature lets you turn an every day two-way phone call into a three-way conversation. It's easy.

To Add A Third Party:

- First, to hold your existing call, depress the switchhook/plunger/flash button.
- Then dial the third number. (Speed Calling codes may be used if you also have this feature.)
- When the third party answers, you may talk privately before completing your Three-Way connection.
- With your third party on the line, depress the switchhook/plunger/flash button to add the holding party. Your Three-Way call is now in effect.

If for some reason the call to the third party is not completed, depress the switchhook/plunger twice to get back to your held party.

To Disconnect The Third Party:

- Depress the switchhook/plunger/flash button. You will now have only the original call on the line.

To Disconnect Completely:

- Simply hang up.
- If either of the other two parties hangs up, you can continue to talk to the one remaining.

SPEED CALLING 8

Now you can call up to 8 of your most frequently-dialed numbers just by dialing a one-digit code. This includes long distance numbers.

To Establish Your Speed Calling List:

- Lift the receiver and listen for the dial tone.
- Dial *74.
- Again, listen for the dial tone.
- Dial one of the 8 one-digit access code numbers (2-9) followed by the # key.
- After the telephone number has been dialed it will ring the number you are programming as if you had dialed the number.
- The call DOES NOT need to be answered.

At any time you may repeat this process for each number you wish to Speed Code, assigning each a different code number.

To Use Your Speed Calling Feature:

- Lift the receiver and listen for the dial tone.
- Dial the appropriate one-digit access number (2-9) followed by the # key.
- Rotary customers dial the code and wait 4-seconds for your call to be connected.

To Change Your Speed Calling List:

- Simply follow the same steps for establishing your list. A new number automatically cancels out the corresponding existing number.

SPEED CALLING 30

Now you can call up to 30 of your most frequently dialed numbers just by dialing a two-digit code. This includes long distance DDD numbers. It's a real time-saver!

To Establish Your Speed Calling List:

- Lift the receiver and listen for the dial tone.
- Dial *75.
- Again, listen for the dial tone.
- Dial one of the 30 two-digit speed dial codes i.e. 20-49 and immediately dial the number you wish to have programmed. (Remember to dial 1 if the number is long distance.) The number you dialed will now ring that party. The call DOES NOT need to be answered.
- After the telephone number has been dialed it will ring the number you are programming as if you had dialed the number.
- The call DOES NOT need to be answered.

At any time you may repeat this process for each number you wish to Speed Code, assigning each a different code number.

To Use Your Speed Calling Feature:

- Lift the receiver and listen for the dial tone.
- Dial the appropriate one-digit access number (20-49) followed by the # key.
- Rotary customers dial the code and wait 4-seconds for your call to be connected.

To Change Your Speed Calling Feature:

- Simply follow the same steps for establishing your list. A new number automatically cancels out the corresponding existing number.

Some of these features may not be available in all areas.

AVAILABLE CLASS FEATURES

CALLING NUMBER

Lets you see the number calling before you answer the phone.

HOW TO USE:

1. When you receive a call, wait until your telephone completes the first ringing signal.
2. The telephone number of the person calling you will automatically appear on your display screen.
3. If you choose to answer the call, the number will remain on the screen until you or the caller hangs up.

NOTES:

- Subscription to Calling Number requires the purchase of a display telephone, or an add-on display unit.
- If the letter "P" or "private" appears on your screen, the caller may have blocked the display of their number by pressing *67 (or dialing 1167 on a rotary phone) before placing the call. You can choose to answer the call or not.
- If an "O" or "out of area" appears, the caller is in an area that does not support Calling Number services.

BLOCKING

Prevents your phone number from being displayed to the person receiving your call.

HOW TO USE:

1. Pick up your handset and listen for the dial tone.
2. Press *67. On a rotary phone, dial 1167.
3. Press the number you're calling as usual.
4. The person you've called will not be able to see your number displayed on their display screen. Instead, a "P" or "private" will be displayed.

NOTES:

- You must press *67 before each call you place. Otherwise, your phone number will be released to the person receiving your call.

CALLING NAME AND NUMBER

Lets you see the number calling before you answer the phone.

HOW TO USE:

1. When you receive a call, wait until your telephone completes the first ringing signal.
2. The telephone number calling you - and the name associated with that number in telephone company records - will automatically appear on your display screen.
3. If you choose to answer the call, the name and number will remain on the screen until you or the caller hangs up.

NOTES:

- Subscription to Calling Name and Number service requires the lease or purchase of a display telephone, or an add-on display unit.
- If a "P" or "private" appears on your display after the first ring, the caller may have blocked the display of their name and number by pressing *67 (or dialing 1167 on a rotary phone) before placing the call. You can choose to answer the call or not.
- If an "O" or "out of area" appears, the caller is in an area that does not support Calling Name and Number services.

AVAILABLE CLASS FEATURES

AUTOMATIC CALLBACK

Keeps redialing busy numbers and tells you when the line is free.

HOW TO USE:

1. When you hear a busy signal, depress the switchhook/flash button and listen for a special dial tone.
2. If you've already hung up, pick up the handset and listen for a normal dial tone.
3. Press *66. On a rotary phone, dial 1166.
4. If the line is still busy, hang up. Your phone will check the number for up to 30 minutes.
5. A special callback ring alerts you if the line becomes free (some phones ring normally).
6. Pick up the handset to automatically place the call.

TO CANCEL:

1. Depress the switchhook/flash button and release. Listen for a special dial tone.
2. If you've already hung up, lift the handset and listen for a normal dial tone.
3. Press *86. On a rotary phone, dial 1186.
4. Listen for confirmation tone or announcement. Hang up.

NOTES:

- The switchhook/flash button is the round, flat, or square button you push to hang up the phone.
- To restart the 30-minute clock, repeat steps 1 through 4.
- To know which call is being completed, you must subscribe to Caller # ID service.
- Service does not work on 800 numbers, 900 numbers, number outside the specified service area, or on lines where Call Forward and some other call services have been activated.

AUTOMATIC RECALL

Redials your last caller even if you couldn't answer in time.

HOW TO USE:

1. Pick up the handset and listen for a normal dial tone.
2. If you were already on the phone and ignored a call waiting tone, depress the "switchhook" and release quickly.
3. Press *69. On a rotary phone, dial 1169. Your call will go through like a normal call.

IF THE LINE IS BUSY:

1. Hang up. Your phone will keep trying the line for up to 30 minutes.
2. A special callback ring alerts you if the line becomes free. (Some phones ring normally.)
3. Pick up the handset to automatically place the call.

TO CANCEL:

1. Press *89. On a rotary phone dial 1189.
2. Listen for confirmation tone or announcement. Hang up.

NOTES:

- The switchhook/flash button is the round, flat, or square button you push to hang up the phone.
- In some areas, after you press *69, a voice will give you the phone number of the call you missed and ask if you want to use the Automatic Recall feature. Just follow the voice instructions.
- Does not work on 800 numbers, 900 numbers outside the specified service area, or lines using Call Forward and some other call services.

AVAILABLE CLASS FEATURES

VOICE MAIL

Voice Mail is an easy-to-use voice answering system for residential and small business subscribers. Your callers can leave messages for you when you are busy or away from the telephone. With Voice Mail, you'll never have to worry about missing a call again.

Dial *15 from your Cunningham Communications Telephone line. You will then be prompted to change your PIN/Password number. The message server will help you through the rest of the setup.

When a new message has been left in your mailbox you will hear a stutter tone when you pick up your telephone handset. Some telephones may have an indicator light built into the telephone that will blink.

If you are not at your house and would like to check for new messages you can dial 785-545-0010 and you will be prompted for your 10-digit telephone number and password.

Your incoming telephone calls will be forwarded to voice mail after 36 seconds. On most telephones it is about 6 rings. If you would like this time changed contact Cunningham Communications 1-800-287-8495.

After your Voice Mail has been set up through your Cunningham phone line you can also access messages at:

<http://www.ctctelephony.com/commportal/> with your log in.

ANONYMOUS CALL REJECTION

Lets you refuse calls from callers who block their number.

HOW TO USE:

1. Pick up the handset and listen for the dial tone.
2. Press *77. On a rotary phone, dial 1177.
3. Listen for a confirmation tone or announcement. Hang up.

WHEN SOMEONE CALLS:

1. Callers who have blocked the display of their number or name will hear an announcement that you do not accept anonymous calls and they should remove Blocking and call again.
2. All other calls will ring through as usual.

TO CANCEL:

1. Press *87. On a rotary phone, dial 1187.
2. Listen for confirmation tone or announcement. Hang up.

NOTES:

- You will be notified when or how many calls have been rejected.

AVAILABLE CLASS FEATURES

SELECTIVE CALL FORWARDING

Routes important callers to an alternate phone number.

HOW TO USE:

1. Pick up the handset and listen for the dial tone.
2. Press *63.
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored on your forward list.
4. Follow the voice instructions and press 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

TO ADD THAT LAST CALLER TO YOUR FORWARD LIST:

1. Press #01#.

TO ENTER YOUR "FORWARD-TO" NUMBER:

1. The first time you turn on the service, you'll be asked to enter the number you'd like your special calls forwarded to. From then on, the system will simply remind you of the current "forward-to" number.
2. If the current number is correct, press 1.
3. If you wish to change the current "forward-to" number, press 0 and then follow voice instructions.

TO HEAR THE PHONE NUMBERS ON YOUR LIST:

1. Press 1.
2. After the list is read, voice instructions will follow.

TO ADD A NUMBER TO YOUR LIST:

1. Press #.
2. Follow the voice instructions you'll hear. You can store up to 31 phone numbers on your forward list.

TO REMOVE A NUMBER FROM YOUR LIST:

1. Press *.
2. Follow the voice instructions to remove any or all of those numbers from your forward list.

TO HEAR INSTRUCTIONS AGAIN:

1. Press 0.

WHEN SOMEONE CALLS:

1. If your service is turned ON, and the caller is on your forward list, the call will be re-routed to your "forward-to" number. If the caller is not on your forward list, the call will ring at your home as usual.

NOTES:

- You may press 1, 0, #, or * at any time rather than waiting for the voice instructions.
- The list you create here is separate from any other lists you may be using for Distinctive Ringing, Selective Call Acceptance, Selective Call Rejection, and similar services.
- This service can work with Call Forward (all calls). Numbers on your selective list will follow you to your Selective Call Forward number. All other calls you receive will be routed to your regular Call Forward number.

AVAILABLE CLASS FEATURES

SELECTIVE CALL ACCEPTANCE

Gives you control over which calls you'll take.

How to use:

1. Pick up the handset and listen for the dial tone.
2. Press *64.
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored on your acceptance list.
4. Follow the voice instructions and press 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

TO ADD THE LAST CALLER TO YOUR ACCEPTANCE LIST:

1. Press #01#.

TO HEAR THE PHONE NUMBERS ON YOUR LIST:

1. Press 1.
2. After the list is read, voice instructions will follow.

TO ADD A NUMBER TO YOUR LIST:

1. Press #.
2. Follow the voice instructions you'll hear. You can store up to 31 phone numbers on your list.

TO REMOVE A NUMBER FROM YOUR LIST:

1. Press *.
2. Follow the voice instructions to remove any or all of those numbers.

TO HEAR INSTRUCTIONS AGAIN:

1. Press 0.

WHEN SOMEONE CALLS:

1. When your service is turned ON, you'll receive calls only from those on your acceptance list.
2. Callers who are not on your list will simply hear an announcement that you are not accepting calls at this time.

NOTES:

- You may press 1, 0, #, or * at any time rather than waiting for the voice instructions.
- The list you create here is separate from any other lists you may be using for Distinctive Ringing, Selective Call Forwarding, Selective Call Rejection, and similar services.

SELECTIVE CALL REJECTION

Blocks unwanted calls from disturbing you.

How to use:

1. Pick up the handset and listen for the dial tone.
2. Press *60.
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored on your rejection list.
4. Follow the voice instructions and press 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

TO ADD THE LAST CALLER TO YOUR FORWARD LIST:

1. Press #01#.

TO HEAR THE PHONE NUMBERS ON YOUR LIST:

1. Press 1.
2. After the list is read, voice instructions will follow.

TO ADD A NUMBER TO YOUR LIST:

1. Press #.
2. Follow the voice instructions you'll hear. You can store up to 31 phone numbers on your rejection list.

TO REMOVE A NUMBER FROM YOUR LIST:

1. Press *.
2. Follow the voice instructions to remove any or all of those numbers from your rejection list.

TO HEAR INSTRUCTIONS AGAIN:

1. Press 0.

WHEN SOMEONE CALLS:

1. If your service is turned ON, callers who are on your rejection list will hear an announcement that your number is not accepting calls at this time. All other calls will ring through as usual.

NOTES:

- You will not be notified when or how many calls have been rejected.
- You may press 1, 0, #, or * at any time rather than waiting for the voice instructions.
- The list you create here is separate from any other lists you may be using for Distinctive Ringing, Selective Call Acceptance, Selective Call Forwarding, and similar services.

AVAILABLE CLASS FEATURES

AUTOMATIC RECALL

Redials your last caller even if you couldn't answer in time.

HOW TO USE:

1. Pick up the handset and listen for a normal dial tone.
2. If you were already on the phone and ignored a call waiting tone, depress the "switchhook" and release quickly.
3. Press *69. On a rotary phone, dial 1169. Your call will go through like a normal call.

IF THE LINE IS BUSY:

1. Hang up. Your phone will keep trying the line for up to 30 minutes.
2. A special callback ring alerts you if the line becomes free. (Some phones ring normally.)
3. Pick up the handset to automatically place the call.

TO CANCEL:

1. Press *89. On a rotary phone dial 1189.
2. Listen for confirmation tone or announcement. Hang up.

NOTES:

- The switchhook/flash button is the round, flat, or square button you push to hang up the phone.
- In some areas, after you press *69, a voice will give you the phone number of the call you missed and ask if you want to use the Automatic Recall feature. Just follow the voice instructions.
- Does not work on 800 numbers, 900 numbers outside the specified service area, or lines using Call Forward and some other call services.

CUSTOMER ORIGINATED TRACE

Lets you track harassing callers through the phone company.

HOW TO USE:

1. When you get a nuisance call, just depress the "switchhook" and release quickly. Listen for a special dial tone.
2. If you've already hung up, just pick up the handset again and listen for a normal dial tone.
3. Press *57. On a rotary phone, dial 1157.
4. Listen for a confirmation announcement that the last call has been traced.
5. Hang up.
6. The number you traced will be recorded at the phone company. If you decide to follow up on the matter, we'll provide that number to the local authorities.

NOTES:

- Customer Originated Trace must be used immediately after you hang up on the call you want traced. If you get another call, or hear a Call Waiting tone first, you will trace the wrong call.
- In some areas, after you press *57, you'll hear an announcement that the call can be traced. Just follow the voice instructions to dial an additional code, and the call will be traced.
- The switchhook/flash button is the round, flat or square button you push to hang up the phone.
- Trace information may only be given to law enforcement.

AVAILABLE CLASS FEATURES

DISTINCTIVE RINGING/ CALL WAITING

Announces important callers with a special ring.

HOW TO USE:

1. Pick up the handset and listen for the dial tone.
2. Press *61.
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored on your list.
4. Follow the voice instructions and press 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

TO ADD THE LAST CALLER TO YOUR VIP LIST:

1. Press #01#.

TO HEAR THE PHONE NUMBERS ON YOUR LIST:

1. Press 1.
2. After the list is read, voice instructions will follow.

TO ADD A NUMBER TO YOUR LIST:

1. Press #.
2. Follow the voice instructions you'll hear. You can store up to 31 phone numbers on your VIP list.

TO REMOVE A NUMBER FROM YOUR LIST:

1. Press *.
2. Follow the voice instructions to remove any or all of those numbers.

TO HEAR INSTRUCTIONS AGAIN:

1. Press 0.

WHEN SOMEONE CALLS:

1. If the call is from someone on your VIP list, you'll hear a special ring. All other calls will have a normal ringing pattern.
2. If you have Call Waiting and get a call from a number on your list while you're on another call, you'll hear a special Call Waiting tone. All other calls are signaled by a normal tone.

NOTES:

- You may press 1, 0, #, or * at any time rather than waiting for the voice instructions.
- The list you create here is separate from any other lists you may be using for Selective Call Acceptance, Selective Call Forwarding, and similar services.

PRIORITY CALL

*Announces important callers
with a special ring.*

HOW TO USE:

1. Pick up the handset and listen for the dial tone.
2. Press *61. On a rotary phone dial 1161.
3. Listen for an announcement telling you whether the feature is currently on or off.
4. Follow the voice instructions and dial 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

WHEN SOMEONE CALLS:

1. If the call is from someone on your list, you'll hear a special ring. All other calls will have a normal ringing pattern.
2. If you have Call Waiting and get a call from a number on your list while you're on another call, you'll hear a special Call Waiting tone. All other calls are signaled by a normal tone.

TELEPHONE SAFETY

TIPS

- Never give your name, address, or phone number to someone you do not know.
- Use your first initial and last name as information.
- Use an answering machine when not at home. Do not state in your message that you are not home. Say that you are unable to come to the phone at the moment.
- In case of emergency, know what number to dial (911) and what to say when calling.
- Don't release any personal information if called about surveys, contests, subscription drives, purchases or deliveries until the source of the call has been verified. Ask for their phone number and mention that you will return their call later. Verify if the phone number is legitimate.
- Never give any information to "wrong number" callers. Ask for the number they are trying to dial.
- Always give the impression you are not alone.
- If the caller asks for someone who is not available, say that they can't come to the phone at the moment. Ask for a name and number to return the call.
- If it becomes clear that a caller is harassing, hang up immediately. Report any continuing incidents to the police.
- In harassment situations, do not become emotionally involved. Don't try to discourage calls by yourself. Always disconnect the call and contact your phone company or authorities if needed.
- If all else fails, change your phone number and have it unlisted.

TELEPHONE HARASSMENT

It is harassment when someone calls and uses obscene or threatening language, or even heavy breathing or silence to intimidate you. It is against the law to make obscene or threatening calls.

Just one unwelcome, obscene call can be considered harassment. Your telephone company, however, might require these calls to be frequent to take action. (If the phone call results in threatening bodily harm or life, action will be taken immediately by your phone company and the police).

Call "Traps" or Call Traces may be setup by your phone company to help determine the location of these harassing calls. Each local phone company differs in policies dealing with harassment cases, but they will all point you to someone that can help.

Everyone is encouraged to contact their local law enforcement with harassing callers that are persistent, especially the calls that threaten harm or lives.

CLASSIFIED TELEPHONE DIRECTORY

All Business and Professional Telephone Customers included in this directory are arranged in alphabetical order under classified headings which are generally descriptive of various businesses and professions.

For information concerning the Yellow Section, contact your local Telephone Company or Pinnacle Marketing Group at 218-444-2180.

Marketing packages custom designed for your business.
